

Letter to the Editor

ERRATUM

Sir,

I wish to draw your attention to an error in my review of the book "Metal Contamination of Food" by Dr Conor Reilly, which appeared in *J. Assoc. Publ. Analysts*, 1982, **20**, p. 31. The error can be corrected by deletion of the words "and that the general limit for mercury in food in Australia was likewise 5.5 mg/kg", which appear on lines 22 and 23 of page 32.

P. M. HOLROYD
